Misty woke up in the middle of the night not able to get back to sleep. She had another one of those smutty dreams with her and Ash being alone after Brock had left the gang, but of course Brock was still with them and Ash doesn't know her feelings. She looked in Mrs.Ketchum's fridge for something to help her get back to sleep. A normal 20oz bottle of Ketchup stuck out of all the things in the fridge. She always wondered why Pikachu loved the red glob that's not usually eaten alone without hamburgers or something else non-low fat and greasy. She grabbed the bottle out of the fridge and closed the door making it pitch black again in the kitchen. She screwed off the cap stuck her finger inside and hesitated when she brought it up to her lips. "What am I doing??" She said to herself. She slowly stuck her finger on her tongue and pulled it away. It tasted bitter but good. "It's like nothing I've ever tasted before" she said to herself afraid that her own whisper would wake up Ash. She licked off the rest of the ketchup off her finger then went back for more. "Pikachu!" said a small voice. Misty jumped a little and was surprised to see Pikachu standing there. " So you can smell ketchup a mile away?" Misty gave him a little bowl of ketchup and they both shared her first experience. A little while later they finished the bottle together. Both tired Misty threw the bottle away and carried Pikachu up to bed and they went to bed happy. The next morning Brock was upset. "Ash didn't your Mom buy a new bottle of Ketchup yesterday?? You know how I can't eat sausage without Ketchup". "Oh Brock we'll buy two more bottles today ok?" said Misty. Then Misty and Pikachu glanced at each other smiling knowing they were the only ones who knew what happened last night.
